RedMoon Studios enters partnership with the Advertising network HiMedia in France

RedMoon Studios is expanding its presence in the international market. In addition to the many recent international introductions of its own games, RedMoon Studios has succeeded in finding major new cooperation partners.

RedMoon Studios, a developer and provider of browser-based online games (Browser games) is continuing its international expansion.

Starting immediately, RedMoon Studios games will be available on the French game portal jeuxvideo.com. This cooperation is another step in the international expansion of RedMoon Studios, joining recent agreements made with companies operating in Brazil, China, Russia, Poland. HiMedia is one of the largest advertising networks in Europe.

Players can now enjoy top entertainment from RedMoon Studios games on the portal without downloading any software.

The creation of major new international partnerships shows that the combination of entertainment and user friendliness inherent in RedMoon Studios' games is also viable internationally.
